

Assignment 1 - Setup a Wallet

Problem statement:

For you to interact with the blockchain, you need to setup a wallet. So, start by setting up the Metamask wallet in your browser.

Assignment Instructions:

Go to <https://metamask.io/download/> and download the Metamask wallet for your system. It would be best if you used it in your browser of choice (Chrome, Firefox, Edge, etc.).

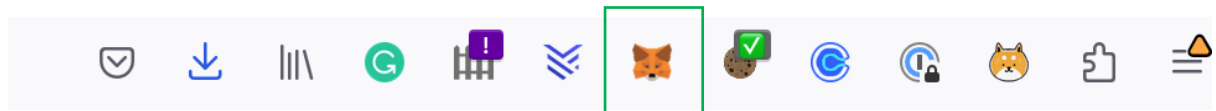

Questions for this assignment:

1. Were you successful in setting up Metamask?
2. Have you secured your seed phrase in safe place?

Assignment Solution:

1. Were you successful in setting up Metamask?

Solution: It should show up in your browser corner:

2. Have you secured your seed phrase in safe place?

Solution: Yes, on a piece of paper or somewhere where it cannot be stolen.
